SUMMONS.

IN THE DISTRICT COURT OF THE STATE OF Nevada, in and for the county of Washoe. The State of Nevada sends to Paul Willott, GREETING: You are hereby required to appear in an action commenced against you as defendant, by Mary Elizabeth Willott, as plaintiff, in the District Court of the State of Nevada, in and for the county of Washoe, and answer the complaint therein within ten days after the service on you of this summons, (exclusive of the day of service), if served in said county, or twenty days if served out of said county, but within said district, and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to recover a divorce from the bonds of matrimony existing between you and plaintiff, and for the custody of your said two minor children, viz: Albert P. aged 13; Mary T. 10; Robert, 9; Ann, 7, and George 4 years; on grounds alleged of your wilful desertion of her one year; of your habitual gross drunkenness contracted since marriage with her, incapacitating you from contributing your share to the support of her and your family, extreme cruelty on your part to her, and your neglect to provide the common necessities for her and your family, where such neglect was not the result of poverty on your part which you could not have avoided by ordinary industry, for one year and more; that you are harsh and of evil manners and example to your children, until to have custody of your children, and she is fit and proper to be their custodian; that you and she were married the 15th day of March, 1874, and that she has resided six months and more before the commencement of this suit in Washoe County, State of Nevada, all of which will more fully appear from the complaint which is on file in the office of the Clerk of said Court at Reno, in said county, and to which you are especially referred. And you are further notified, that if you fail to appear and answer said complaint, the said plaintiff will apply to the Court for the relief demanded.

In testimony whereof, I have hereunto set my hand this 6th day of July, 1888.

THOMAS HAYDON, Plaintiff's Attorney.

IN THE DISTRICT Court of the State of Nevada, in and for the county of Washoe. The State of Nevada sends to George C. Murray, GREETING: You are required to appear in an action commenced against you as defendant, by Mary Murray, as plaintiff, in the District Court of the State of Nevada, in and for the county of Washoe, and answer the complaint therein within ten days after the service on you of this summons—exclusive of the day of service—if served in said county, or twenty days if served out of said county, but within said district, and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to obtain the decree of the above entitled Court dissolving the bonds of matrimony now and heretofore existing between plaintiff and defendant, upon the grounds of the desertion and abandonment of plaintiff by defendant without cause, provocation or excuse, on the 10th day of May, 1887, and to have heretofore against the will and consent of plaintiff, and without her continuance or procurement; and that plaintiff be decreed the right to resume her maiden name, and to recover her costs of suit; all of which will more fully appear from the complaint which is on file in the office of the Clerk of said Court at Reno, in said county. And you are further notified that if you fail to appear and answer said complaint, the said plaintiff will apply to the Court for the relief demanded.

IN TESTIMONY WHEREOF, I, T. V. JULIEN, have hereunto set my hand and affixed the seal of said Court, this 9th day of June, A. D. 1888.

IN THE DISTRICT Court of the State of Nevada, in and for the county of Washoe. The State of Nevada sends to John Gardner, GREETING: You are hereby required to appear in an action commenced against you as defendant, by Eliza B. Gardner, as plaintiff, in the District Court of the State of Nevada, in and for the county of Washoe, and answer the complaint therein within ten days after the service on you of this summons—exclusive of the day of service—if served in said county, or twenty days if served out of said county but within said district, and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to obtain the judgment and decree of the Court dissolving the bonds of matrimony heretofore and now existing between you and plaintiff upon the grounds of wilful failure to provide; and also for the care and custody of the minor child, William Henry Gardner; all of which will more fully appear from the complaint, which is on file in the office of the Clerk of said Court, at Reno, in said county. And you are further notified that if you fail to appear and answer said complaint, the said Plaintiff will apply to the Court for the relief demanded.

IN TESTIMONY WHEREOF, I, T. V. JULIEN, have hereunto set my hand and affixed the seal of said Court, this 4th day of June, A. D. 1888.

OUR COUNTRY.

No person who has not made a general trip throughout the length and breadth of the land can form a correct impression of its wonderful resources and marvelous possibilities. The imagination is but a title of the actual realization. The iron horse annihilates distance, and the modern conveniences of the sumptuous vestibuled trains make the pleasure a genuine treat. Over plains and mountains, across streams and rivers, bays and lakes, along the seashore and on dizzy heights, the eye is ever feasting upon artificial and natural scenes, that cause unbounded admiration of both man and God. Here a field of waving corn, there the yellow sheaves of golden wheat, beds of flowers and forests of woods, with comfortable homes, the steeple of a church and the substantial school house in every foreground. The quiet and happiness of country life is soon dispelled by the activity perceptible in the manufacturing districts and of the great cities which seem to grow as if by magic, from the village of unpretentious cottages you soon rise in the elevator to the topmost portion of a fourteen-story building. It is like as though you gazed upon the Truckee and then sailed over the raging Niagara. Everywhere the transition is delightful, and if occasionally a barren spot appears, it only tends to more vividly impress upon the mind the greatness and grandeur of the whole. It is beyond the ordinary comprehension to fully realize the present or anticipate the future. I, doos, however, tend to vastly improve the mind and elevate the character, and to firmly resolve that the United States are one and inseparable, that life, liberty and the pursuit of happiness are the heritage of all, and that each and every citizen should contribute his mite toward preserving the blessings of the present for the generations yet unborn.

The Carson Appeal says Cassidy is honest enough to differ with his party and openly admits that he believes in protection. This is trash. When in Congress Mr. Cassidy voted for the Morrison Horizontal bill, and had he been in Congress would have voted for the Mills bill. He believes in free wool, and has not the courage of Randall. Cassidy may be a protectionist in Nevada but at Washington he swallows the whole Democratic hog.

Chief Justice Fuller will remain in Washington until the President returns. He says he has not decided how or when he will take the oath of office. The records of the Supreme Court show that there has been no regular formula or precedent for taking the oaths and a justice of the peace is as competent to administer it as one of the Associate Justices of the Supreme Court.

The House conferees on the Anderson bill requiring the Pacific railroads to maintain and operate their own telegraph lines have agreed to the Senate amendments. These eliminate the requirement that the roads shall construct the lines, and leaves the manner of acquirement open to the discretion of the companies.

Matthew S. Quay, who runs the campaign for the Republican party, is a plain looking man. In his general make-up he resembles "Joshua Whitcomb." He doesn't believe in talk, but when it comes to campaign work he is a forty horse-power steam engine.

Senators Jones and Stewart propose to put the Reno Government Building bill appropriation on the Sundry Civil bill, and they are in hopes of securing its passage as a rider to this general appropriation bill.

The Eastern Republicans are confident Harrison will carry every northern State, and have a chance for North Carolina and West Virginia.

Indiana Republicans believe Harrison will have at least 10,000 majority in that State. Some of them count on \$20,000.

The next House of Representatives will be Republican. The American people don't want any more Mills bills.

CURRENT EVENTS.

Samuel J. Randall continues to improve in strength.

Everything is now in readiness for the Blaine reception. He is expected on the 8th of August.

In 1888 Great Britain collected \$100,673,275 from tariff duties on imports. These duties are levied on wine, tea, coffee, liquors and tobacco.

Mrs. Cleveland has consented to act as treasurer of the funds for the American church in Berlin, and will solicit contributions and personally acknowledge by letter all donations sent her. The campaign is opening briskly in the neighborhood of Oak View.

A Lynn shoe manufacturing firm recently received from Mrs. Cleveland an order for three pairs of shoes. The interesting fact is learned that Mrs. Cleveland wears a No. 5 B shoe. The ties are made of the finest quality, and were shipped the 20th, three days after the order was received.

A Washington dispatch of the 26th says: Senator Jones, of Nevada, has been confined to his house for the past three days by a malarial attack. His absence from the meetings of the Finance Committee during the past forty-eight hours has been greatly felt by his Republican colleagues on that committee.

It is reported that Commissioner of Pensions Black will soon tender his resignation to the President. The story is that Cleveland was greatly annoyed by Black's persistency in standing as a candidate for Vice-President before the St. Louis Convention, in opposition to the President's expressed wishes, and that some of the pension veto messages, written upon the basis of information furnished by the Pension Bureau, have been found to be exasperatingly faulty.

Chinese are pouring into the United States from British Columbia. The steamers of the Canadian Pacific between China and Vancouver bring hundreds of Mongolians every two weeks. After landing they go eastward into British Columbia. They work their way across from Osooyis Lake down the O'Kanagan river and then down the Columbia river, through a number of placer mines that are monopolized by Chinese, and eventually find their way to the settlements of the whites.

A grand Republican rally, under the auspices of the Vermont State Republican League, opened at Burlington Thursday. Many relics of the campaign of 1840 were shown in the parade, one of the features of which was a log cabin built on a wagon. The cabin was built of spruce logs, and on the roof was a live coon, while a young bear was tied on the platform. At the park exercises Hon. Warner Miller, Congressman Butterworth, Hon. J. M. Thurston, of Nebraska, and Senator Edmunds spoke. The latter said that when Harrison was elected we would have an American instead of an English President. If Cleveland had been Lord Salisbury himself he could not have been more British than he is.

The Puritan, an immense steamboat intended for the New York and Fall River Line, was successfully launched on Wednesday. The Puritan, which is a sister to the Pilgrim, when finished, will cost \$1,500,000, and will be the most magnificent steamboat in the world. She measures 420 feet over all, 404 feet on the water line and 52 feet beam, 91 feet in breadth above the guards; depth of hold 20 1/2 feet, 63 feet in the height of the dome from the floor and will draw 12 feet of water. Gross tonnage, 4,650 tons; estimated displacement, 4,200 tons. She will be propelled by vertical beam engines of the compound type. The vessel is expected to maintain the speed of 21 miles per hour.

David T. Day, Chief of the Division of Mining Statistics, has submitted a summary of the mineral products of the United States in 1887, in advance of the official report. The total value is \$538,056,345. It shows a wonderful gain over 1886, and is \$100,000,000 greater than the output of 1885. The United States leads the world in the production of minerals. The principal gains were in the production of metallic ores and fuels necessary for melting them. The production of pig-iron alone increased more than \$26,000,000. The high price of copper caused a notable expansion in that industry. The product of coal is the largest ever recorded. Taken as a whole, the report shows great prosperity for the mining industry. "The grand total value of more than half a billion dollars," the report says, "resulted not only from an increase in the quality of minerals mined, but also from a general advance of the price of metals. It may be several years before this total is exceeded again. The year 1888 will fall considerably below it. Among many reasons for a decrease this year is the decline in railroad building.

The Nevada Prohibition nominees for Presidential Electors are Abram Banta, of Reno, J. R. Hammond, of Ruby Hill, and Charles Chenoweth, of Winnemucca.

TOWN AND COUNTY.

BREVITIES

The hay crop out in Elko is light. There are 115 names on the register. Allen C. Bragg is in from Long Valley.

Go and see the panorama to-morrow night. Remember the Caledonian picnic next Saturday.

Mae Bonfield came in from Winnemucca last night. Jack Foulks is building a shingle mill up in Dog Valley.

Miss Kate Fellows returned from San Francisco last night. It seems natural to tackle the pencil, shears and paste-pot.

The band of gypsies lately in Reno is now camped at Geaon. Alvaro Evans and family are going to the lakes the coming week.

Chamberlain is still making improvements at the "Riverside." The second trial of Miles Finlen has been set for September 3d.

C. O. Atherton, Roadmaster of the V. & T., was in town yesterday. Perry Powers has been appointed a U. S. Deputy Mineral Surveyor.

John W. Mackay was a passenger for the Comstock yesterday morning. District Attorney Evans returned from San Francisco yesterday morning.

W. P. Wheeler, of Ohio, is in Reno on a visit to his son, D. C. Wheeler. Mrs. Chas. E. Dealy departed last night to visit her mother in Oakland.

Senator William Sharop, of Virginia City, has returned from his Eastern trip. C. A. Jones and wife departed for California last night to enjoy a short vacation.

Judge Sabin was a passenger for Carson yesterday. He will return to the Bay soon. R. W. Parry went to Berkeley last night to attend the funeral of his friend, J. D. Badwell.

The Burke Bros. are making rapid progress with the new brick annex to the Wm. Tell Hotel. There is no truth in the report that the apple crop on the Comstock has been ruined by frost.

The haying season is nearly over in Carson Valley. The crop is said to be about up to the average. A. Skillman, of Eureka, Deputy Internal Revenue Collector, is paying Tascara an official visit.

C. Whitthorne, of the Mare Island Navy Yard, has been granted a short leave of absence, and is spending it in Reno. John Armstrong was made a citizen yesterday, on proof that he was an honorably discharged soldier of the United States.

Judge Poor says his first vote was in 1840 and for "Harrison and Reform," and he proposes to cast it the same way in 1888. The Washoe County Republican Convention will meet Sept. 3d, and the ticket then nominated will be the first in the field.

At Tassell's boot and shoe store many new novelties have just been received. The standard goods can always be found on the shelves. Deputy Constable Burke yesterday juggled Indian Charley for drawing a deadly weapon upon another member of the same tribe.

The water in the Carson is gradually getting lower. One or two mills on the Truckee would be good things at this season of the year. J. B. Bloor, editor of the Gazette, departed for San Francisco last night, having been called there on account of the death of a cousin.

Reno climate would sell for a fabulous price in any Eastern city. New York would willingly give the Brooklyn bridge for a small slice. The sports say there is more gambling in Reno now than there was a year ago. This Wine House fare game is now open afternoons as well as nights.

The farmers were in town in force yesterday. Saturday is their regular shopping day, and they are as welcome as the Eastern nickel for beer. The Black murder trial will commence in the District Court of Storey county to-morrow morning. R. H. Lindsay is the attorney for the defendant.

C. S. Martin, H. L. Fish, Pierce Evans, C. W. Jones, C. A. Jones, N. W. Roff and Thos. E. Hayden are Notary Publics in and for Washoe county. Judge Webster returned a day or two ago from his regular annual fishing trip to Pyramid Lake. The Judge scooped nearly all the good ones there were in the lake.

A BIG LUMBER DEAL.—H. C. Davis has purchased the entire output of Smith's sawmill on the N. & C. railroad, forty-five miles north of Reno, amounting to one hundred and fifty thousand feet or more. The mill is located in the forests of Sierra county, and furnishes a superior quality of yellow pine lumber for building purposes, and most excellent fir for fencing. It will begin to arrive on Monday next and will be disposed of in carloads on most advantageous terms to farmers and other purchasers.

THE "TWO JOHNS."—This comedy at the Opera House Wednesday evening. Of it the Buffalo Times says:

Under ordinary circumstances one Jack is considered all sufficient, but two are on the bills at the Court street theatre for a week's engagement. The comedy "Two Johns" is the funniest ever written, the make-ups of the two illustrious "monsters" something wonderful, and the plot pleasing and interesting throughout. Under no condition should lovers of mirth, and of good singing and dancing miss this great comedy company.

Sets on sale at Nasby's.

THE HUNDRETT RANGERS.—The Silver State says over sixty persons have enrolled their names on the master roll of the proposed military company. The company will now meet and organize by electing officers, after which they will get arms and equipments from the State, and in a few months the Winnemuccans may reasonably hope to have the crack military company of Eastern Nevada.

CROPS ON BIG MEADOWS.—M. S. Bonfield, who has been down from Winnemucca on the Big Meadows, says the second alfalfa crop looks better than the first on many of the ranches. It seems that after alfalfa gets well set it does not require much irrigation. The grain crop looks tolerably well, but will not be up to the average.

EGREKA.—The JOURNAL is sorry to learn that the Richmond mine has closed down and will not resume operations for many months. The Eureka Con. mine and furnaces are running steadily, but the camp is under a cloud at present, and many persons are strapping up their trunks.

CONGREGATIONAL CHURCH.—Services to be conducted by the pastor, Rev. T. Magill, at 11 A. M. and 7:30 P. M. Sunday school at 12:15 P. M. Prayer meeting on Wednesday evening at 7:30 P. M. The public cordially invited.

CHURCH NOTICES.—There will be no service in the Methodist Church to-day. Sunday School at the usual hour.

SERVICES at the Baptist Church, this morning and evening. Rev. C. L. Fisher, Pastor. Subject for 11 A. M. "Love and I," a mystery. Sabbath School at 12:15 P. M. Subject for 7:30 P. M., "The Children of God, at Home." Regular monthly Covenant meeting Thursday evening at 7:30 P. M. All are invited to attend.

John R. Bradley and Geo. Russell, who own one-half of the Auburn mill property, are here watching the alfalfa grow on their possessions. It is a pleasant sight to see, especially when one thinks what a sagebrush tract it had always been until these gentlemen began to improve it.

If you want a good glass of beer go to Jake Becker's saloon. Jake has the best facilities in the State for keeping beer, and he knows how to keep it on draught or in bottles. A fine free lunch every day, and an extra spread every Sunday.

A. C. Blakely, for years Deputy Postmaster of Reno, when Jamison was in charge, is now living at Boston, and manager of a large confectionery store. He is in splendid health and desires to be remembered to his old friends in this section.

Mrs. John P. Jones and family will leave Washington for Nevada next week. At Cleveland, Ohio, they will be joined by Supt. Lou Hamilton and family. Senator Jones will return as soon as Congress adjourns.

RENO'S PUBLIC SCHOOLS.

(By Mrs. M. S. Doten.)

Nothing marks the growth and progress of a State, county or town more than does the growth and progress of its public schools. The history of most frontier towns is marked by the same features: first the saloons, the necessary stores for supplies, the gambling resorts; then as a more permanent class of people presents itself come the churches and schools. Reno is no wise differs from other towns of the West in these particulars; and now, when so much attention is attracted to it by reason of its great natural advantages, its position as a railroad center, and its unusual educational facilities, a history of the organization of its public schools, and their growth up to the present time, will be appreciated and interesting, both to their patrons and to the friends of education generally.

The town of Reno was laid out in 1868, and grew rapidly, following the completion of the Central Pacific railroad. The first public school was opened in September of the same year, in the building until recently occupied by the San Francisco Soap Company, one teacher, Miss Lucy A. Scott, now Mrs. L. A. Richardson, of Reno, being employed. The number of scholars rapidly increasing, the school accommodations were found to be inadequate, and a building was erected for the purpose on Front street, at a cost of \$3,000. This building now forms the rear of the one known as the "Old School House," standing in its original position, on the lot adjoining the one occupied by the M. E. Church. Two teachers were employed here, the school now being too large to be taught by one. In September, 1871, Orvis Ring, who had taught the schools of Ophir in its palmy days, and afterward those of Washoe City, became Principal of the Reno schools, a position he has since held with the exception of an interval of three years, from 1882 to 1885, during which time he filled a similar position in Winnemucca; the schools of Reno being presided over by four different principals in rapid succession.

In 1873 the number of pupils had so increased that still further accommodations were found to be necessary, and a room on Virginia street was fitted up and another teacher employed. This building was destroyed, with most of the books of the scholars, by the great fire which occurred in October of that year, after which the M. E. Church was rented, until measures for enlarging the school house could be carried out. A special tax was levied for this purpose, the old building was moved back and the present front added at a cost of \$5,450.

The population of Reno steadily increasing, the number of pupils increased in proportion; from time to time a new teacher was added to the force, until by the end of 1877 the number had increased to six, and the school-rooms had become so crowded that the wide hall between the room had to be utilized as a recitation room. Owing to these circumstances it was found necessary to still further increase the school buildings. With this end in view the Trustees had already purchased the fine lots whereon the brick school house now stands, and proceeded to the erection of the building which has ever since been an ornament to the town, being second to no school house in the State. The schools were opened here in September, 1880, seven teachers being employed under Superintendent Ring.

During these years quite a town had grown up on the south side of the Truckee river. Parents here found it inconvenient to send their children so far to the school, and urgently demanded a school house on this side of the river. To meet this demand the building known since as the "South-side School" was constructed and opened in March, 1881.

Since the opening of the school in 1868 to the present twenty school years have passed. How the town has grown in that time may be seen from this brief history of its schools. Beginning in that year in one small room, with but one teacher, with less than 80 children enrolled on the census returns, they now number twelve departments, taught by an efficient corps of teachers, under the able guidance of Superintendent Ring, and an excellent Board of Trustees, consisting of the following gentlemen: Chairman, W. H. Gould; Clerk, George H. Taylor; Long Term Trustees, S. M. Jamison. These gentlemen are active in the discharge of their duties, doing everything in their power to advance the best interests of the schools. These were never more prosperous as to attendance and progress than at the present time. By the census of 1887, 77 children were enrolled, but their number has largely increased during the year, the unfinished returns of 1888 showing up to this present date (May 21st) over 900 children of school age. The number in actual attendance in the schools during April was 509, a marked increase over any previous month of the year, at least twenty new pupils having entered in the course of the month.

The schools are now well graded, the course of study being much the same as that followed in other places in the State, and one that will compare favorably with those of older and longer established schools. As arranged, it will require eight years to complete the Primary, Intermediate and Grammar Grades, the High School course requiring three additional years. From the High School a class is prepared for graduating yearly. Written examinations are held at the close of each year, no scholar being allowed to pass from one grade to another without a certificate of promotion. The total cost of the schools since their commencement in 1868 to their closing in June, 1888, amounts to \$173,687, of which sum the teachers have received \$97,200. Three school buildings have been erected, at a cost of about \$30,000. Fifty-eight different teachers have been employed, of whom the following have acted as Principals: Rev. L. A. Micker, Mr. Carson, Rev. W. C. Gray, R. P. M. Grooley, Nelson Carr, Miss E. J. Brown, Gravinella F. Foster, E. M. Alexander and Orvis Ring.

The present corps of teachers consist of the following: Orvis Ring, Superintendent; Miss F. A. Farmer, Mrs. M. S. Doten, High School; Miss S. A. Harris, Miss E. J. Knowlton, First and Second Grammar; Mrs. H. M. Atwood,

Miss Flora Northrop, Miss Ada F. Lackey, First Second and Third Intermediate; Miss Emily Cutting, mixed grade; Miss M. E. McIntosh, Miss L. Cornb, First and Second Primary; Miss Frank L. Grippen, South-side School. Janitor, N. J. Roff.

Many of the teachers have been pupils in these schools, laying the foundation for future usefulness in the rooms where they afterwards acted as teachers.

Nowhere does the sun shine on brighter-eyed, more intelligent, capable, or better behaved children than are to be found in Reno. Too much cannot be done in the way of fitting them to become the citizens and legislators, the fathers and mothers of the future. All, therefore, are interested in the institutions of learning that are in our midst, and one and all should do whatever lies in their power to encourage and advance the progress and prosperity of our public schools.

BLAINE IN THE CAMPAIGN.

He Will Make Protection His Strong Point.

There will be two James G. Blaines on the stump, but not until Autumn. James G. Blaine Jr. is spending July at Seabright. He said to a reporter: "Father will make several speeches soon after his return from Europe, probably, but he will not go into the campaign until September. We expect that he will put in two months of hard work for Harrison and Morton." "What will be his oratorical specialty?" "Protection. That is the issue you know, and he will devote himself to it." Being asked if the rumor was true that he was going on the stump, young Mr. Blaine replied: "Yes, I expect to make some speeches—as many as our people deem desirable. The programme is not yet made out definitely, but I anticipate that father will speak in the cities of New York, Connecticut, New Jersey and Indiana—say forty to fifty speeches in September, and October. Can he stand it? Yes. His health is good, no matter what has been said to the contrary. My own appearance on the stump will be of comparatively small account, of course, and I am willing to go wherever the Campaign Committee dictates. I shall talk tariff, too, and it is hardly necessary to add that my father's views are mine."

The Elko Independent says:

The Independent acknowledges the receipt of the copy of General History and Resources of Washoe County, Nevada, published under the auspices of the Nevada Educational Association, compiled by N. A. Hummel, Principal of the Wadsworth schools. It is in the form of a neatly printed and bound pamphlet of 54 pages and as its name indicates, is devoted to a general history of the country from the time General Fremont, the "Path Finder," first crossed the Great Basin up to the present time, and also devotes a few pages to the prehistoric and geological features of the country of which the present Washoe county forms a part. It is both a valuable and interesting work.

The Genoa Courier remarks:

The Courier has received a copy of the History of Washoe County, published under the auspices of the Nevada Educational Association, and compiled by N. A. Hummel, Principal of the Wadsworth schools, for exhibit at the meeting of the National Educational Association. It is a neat book or magazine of 54 pages, and gives a brief history of the county from its first settlement up to the present day. It is very interesting reading and will be much sought after those desiring authentic information as to the advancement and resources of one of the best counties in Nevada.

The second crop of alfalfa will be very large and the farmers are correspondingly happy. The first crop was a good one, and if the third turns out all right Washoe will beat the record this year.

The Annual Conference of the Nevada Mission of the M. E. Church will be held at Reno this year, instead of at Sierraville, as at first announced, and will begin the 17th of next month.

A WARNING.

The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the Throat and Lungs than any other. It is probable that everyone, without exception, receives vast numbers of Tubercle Germs into the system and where these germs fall upon suitable soil they start into life and develop, at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the lungs producing Consumption and to the head, causing Catarrh. Now all this is dangerous and if allowed to proceed will in time cause death. At the onset you must act with promptness; allowing a cold to go without attention is dangerous and may lose you your life. As soon as you feel that something is wrong with your Throat, Lungs or Nostrils, obtain a bottle of Bochee's German Syrup. It will give you immediate relief.

REMARKS AND CONDITIONS. Nominations to stakes must be made to the Secretary on or before the 1st day of August, 1888. Entries for the purses must be made two days preceding the race, at the regular time for closing entries as designated by the rules. Those who have nominated in stakes must name to the Secretary in writing which they will start the day before the race, at 6 P. M. Horses entered in purses can only be drawn by the consent of the Judges. All horses entered in District purses must be named and kept in Nevada and California, east of the Sierra Nevada, for six months prior to day of race. Entries to all trotting races will close August 20th, with the Secretary. Five or more to enter and three or more to start in all races for purses. National Trotting Association rules to govern trotting races. Pacific Coast Blood Horses Association rules to govern running races, except as above. All trotting and pacing races are the best three in five, unless otherwise specified; five to enter and three to start. But the Board reserves the right to hold a less number than five to start, in the withdrawal of a proprietor's horse from the purse. Entrance fee, 10 per cent. on purse, to accompany nomination. National Trotting Association rules to govern trotting; but the Board reserves the right to hold a less number than five to start, in the withdrawal of a proprietor's horse from the purse. Entrance fee, 10 per cent. on purse, to accompany nomination. When less than the required number of starters appear, they may contest for the entrance money, to be divided as follows, 60, 30, to the first and 30 to the second. Horses that distance the field will only take first money. In all the foregoing stakes the declarations are void unless accompanied by the money. Please observe that, in the above stakes, declarations are permitted for a small forfeit. In all races entries not declared out by 6 P. M. of the day preceding the race shall be required to start. Where there is more than one entry by one person, or in one interest, the particular horse they start must be named by 6 P. M. of the day preceding the race. No added money paid for a walk-over. Recomp color to be named in entries. In trotting races drivers will be required to wear cap of distinct colors which must be named in their entries. PLATFORM AND SOLUTIONS. The Republicans of the State of Nevada in convention assembled again express their loyalty to the principles of the Republican party, which have made the country so great and prosperous during the last quarter of a century. Resolved, That the question of a sufficient supply of a circulating medium to maintain a permanent range of the price of labor and property is the most important political question awaiting solution by the American people. Resolved, That a diminishing quantity of money reduces the price of labor and property, increases the obligation of contract, enriches the creditor, impoverishes the debtor, and paralyzes industry and enterprise. Resolved, That the present financial system of the United States, which increases or diminishes the circulating medium at the pleasure of the manipulators of the National bank, without regard to the increase of population or the wants of the people, and which recognizes gold alone as the standard of value, and places in the hands of the Treasury Department all the revenue of the Government to speculate with in bonds and loan to National banks without interest, is subversive of the rights of the people, oppressive, unjust, and should be repudiated. Resolved, That a financial policy whereby both gold and silver shall form the basis of circulation, whether the money used by the people be coin, or in certificates redeemable in coin, or both, as convenience may require, is imperatively demanded. Resolved, That the attempt to substitute National bank notes, costing the Government millions of dollars annually, for free silver, costing nothing, is an outrage upon the people, and that the money ring or trust, which has usurped the sovereign power of the Government to issue money, and which has fraudulently demonstrated silver and seized the revenues of the Government for private speculation, shocks the moral sense of the people and destroys respect for Government and law. We demand that this ring or trust be destroyed and equal rights restored to all people. Resolved, That we charge that President Cleveland is the willing tool or agent of a powerful money ring which fattens the subsidies of the Government, makes war on silver, issues its paper currency at the expense of the Government, borrows the revenues raised by taxation, and uses them with out the payment of interest, contracts the currency to enhance the value of bonds, and enriches the usurers while it depresses the price of labor and property. Resolved, That we favor the nomination of no man for President who is personally interested in National banks or the bonded indebtedness of the United States, but we demand equal laws for the people and to all the people of the country—the poor as well as the rich. Resolved, That the trickery of the President and his advisers by which they prevented a vote in the House of Representatives on the Beck silver amendment to the secret and fraudulent demonetization of silver in 1873. II. Resolved, That we are in favor of the protection of home industry, and that the laborers of this country have a right to all the work required to supply the people of the United States, and that we are in favor of high wages in this country, and to that end will protect the workmen by equalizing the price of labor of other industries. Resolved, That the policy of the Government should be inaugurated and established by the people through their representatives in both Houses of Congress, and not by the President or the money trust, of which he, either as agent or head, is most active in defending. III. Resolved, That we charge President Cleveland with violating every promise he made in favor of civil service reform, with crippling the mail services, with refusing to sign necessary bills for the improvement of rivers and harbors, with using the power of his Administration to prevent appropriations for a navy and coast defenses, with attempting to destroy the protective tariff, with counting the good will of other nations at the expense of the citizens of the United States, and with joining the foreign bondholders to demonetize silver and destroy the industries of our country, and for the reduction of wages of the mint employees at Carson for closing the Carson Mint when it was not only self-sustaining but a source of revenue to the Government, for its contemptuous refusal to consider the claims of the mint employees as pensioners, and for failing to construct the Government building at Carson as required. IV. We are in favor of the absolute exclusion of Chinese, and the restriction of immigration, by which the present overcharged condition of the labor market is made worse, and also favor legislation by which a revision of our naturalization and land laws may be accomplished. V. We demand, in behalf of our various industries, the retention of the duties on lead, borax, soda, hides and leather, and to restore the tariff of 1867 on wool. VI. Resolved, That we recognize the right of labor to organize for its lawful protection. VII. Resolved, That we favor the submission by the Legislature to the people of an amendment to the Constitution giving the Legislature the power to regulate the liquor traffic. VIII. We favor liberal appropriations by Congress for hydrographical and topographical surveys in this State to the end that the waste waters may be preserved for the purpose of irrigation. IX. We endorse the wise and conservative administration of Governor G. O. Seward, and we heartily commend the able efforts of Senators Stewart and Jones and Representative Woodburn in behalf of the interests of the people of this State. X. We favor the granting to Nevada of all Government land within the State for the purpose of providing means for irrigation and other improvements. XI. We favor the reduction of the Treasury surplus by the payment of pensions to Union soldiers, their widows and orphans, the improvement of rivers and harbors, the building of defenses for our sea-coasts, the creation of a navy, the release of bonds and the repeal of the internal revenue laws taxing tobacco. XII. It is the duty of the State to maintain free non-sectarian schools in the rural and sparsely settled districts as well as in towns and thickly settled sections, and that such a division of the school money should be made as will furnish the means of education to all children in the State. XIII. We are in favor of re-opening the Carson Mint for coinage, and raising the wages of its employees to the standard paid by the last Republican Administration. XIV. We demand the restoration of the mail service in this State to the condition maintained by the last Republican Administration, and favor the payment of fair wages to all postal employees.

250 Beautiful Lots For Sale! A RARE CHANCE FOR INVESTMENT AND A HOME THE MOST LOVELY PORTION OF RENO. Facing the Truckee—The Aristocratic Riverside Avenue Driveway—Splendid Sewerage—Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the Tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Reno's geographical position is excellent. It is on the line of the Central Pacific Railroad, only 154 miles from Sacramento, and 244 miles from San Francisco. It is the terminus of the Virginia and Truckee Railroad running south, and of the Nevada and California Railroad running north. It has two Flouring Mills, Planing Mills, three Nurseries, a Soap Factory, Reduction Works, and other industries. A great Woolen Mill and a Sash, Door, Blind and Box Factory, are about to be established. Reno has the Bank of Nevada with \$300,000 capital, and the First National Bank with \$200,000 capital. It has two fine papers in the DAILY and WEEKLY NEVADA STATE JOURNAL and the Daily and Weekly Gazette. Reno is the natural home of the Alfalfa, and therefore the great cattle headquarters of the State. Here are fed the prime beef for the California market. Reno potatoes are the best in the world, and she also excels in Strawberries and the small fruits. Reno Wheat took the first prize at the great New Orleans Exposition. The State Fair is always held at Reno. Reno is the County Seat of Washoe County, the wealthiest county in Nevada.
